MEMORANDUM FOR: Acting Chief, Development Projects Division

SUBJECT : Activity Program for System VII (DPD 8192-59)

I have received an Activity Program (Program Approval) covering the above activity in the amount of [REDACTED]. I believe this project has already been approved in principle by the Director in this amount on the basis of a memorandum from [REDACTED] (reference d. in paragraph 1 of the Activity Program). In signing the Activity Program, I have stipulated that no procurement action should be initiated until funds are available. My reason for this is that the memorandum from Mr. [REDACTED] which was approved by the Director requested that the funds be obtained from the Agency Reserve. I am sending you this note to advise you of this condition so that you will not prematurely make commitments for which no funds are available.
